PUBLIC COMMENTS

Mayor Cooper commented that the care facilities issue had been reported to the City Manager. She said Members would be looking at the issue as well as the police reports.

Angela Reddy, 27411 Palmwood Avenue, addressed the issue of having two care facilities in their neighborhood. She asked why the City allowed these two facilities in their neighborhood when they are closer than 300 feet and there is no variance on file. She indicated that the neighborhood has suffered a decline in quality of life because of the activities at these facilities by both staff and residents alike.

Roberta King, 27427 Palmwood Avenue, also a resident of the neighborhood with the care facilities, said that care facilities have made it difficult for her children to play outside, and have definitely added to the deterioration of the neighborhood.

Paula Wofford, 27420 Palmwood Avenue, described similar conditions facing their residency. She said the real estate values will continue to decline until the problem is resolved.

Carlos Cordova, 2085 Duval Lane, addressed similar concerns as a resident next door to these facilities. He said it is an embarrassment to continually have police in the neighborhood.

Richard Cordova, 2085 Duval Lane, also discussed similar neighborhood incidents. He expressed concern for the safety of the residents.

Bill Maxedon, 395 St. Andrews, discussed trucks parking on Mission Boulevard in South Hayward. He asked whether they are illegally parked and should they not be cited.

Deputy Chief Trimble responded that there are a number of regulations that could apply. Some areas are legal for 72 hours, and some trucks will park on private property to avoid being cited in "No Parking" areas.

DRAFT

Bea Thornton, 816 Pinedale Court, also mentioned parking problems on Mission which is posted as "No Parking between 4 and 6 p.m."

Joel Ross, 25877 Westview, discussed speeding in the area of Grand Avenue and D Street. He thought the counters on the roadway were to determine speeders in the area. It was noted that they are merely vehicle counters.
